Haynes offers the best coverage for cars, trucks, vans, SUVs and motorcycles on the market today. Each manual contains easy to follow step-by-step instructions linked to hundreds of photographs and illustrations. Included in every manual: troubleshooting section to help identify specific problems; tips that give valuable short cuts to make the job easier and eliminate the need for special tools; notes, cautions and warnings for the home mechanic; color spark plug diagnosis and an easy to use index. This repair manual covers Chevrolet Camaro and Pontiac Firebird, all models, 1993 thru 2002.

This unique 110-page blank journal works great for a boat log or notebook to keep track of repairs, trips, fuel burn or anything else that happens aboard your vessel.

For Harley-Davidson aficionados, the very name Sportster conjures an image of a fire-breathing mechanical beast scorching the world's tarmacan image the Sportster itself often does not live up to. Straight from the factory, in its standard form, the Sportster routinely proves an entry-level motorcycle providing a relatively tame ride. This book aims to change all that and to show every Sportster rider how to free the beast in his or her bike. With expert, detailed advice on the proper mechanical massaging and plenty of helpful diagrams and photos this updated, third edition of Buzz Buzzelli's best-selling handbook shows how the Sportster can be transformed into the superbike of old. Including a history of the Sportster from its birth in 1957 to the recent introduction of a new engine (only the third in its long life), this book has everything it takes to open up the gates of hell and give the Sportster its head.

Albania provides a small amount of social assistance to nearly 20% of its population through a system which allows a degree of community discretion in determining distribution. This study investigates the poverty targeting of this program. It indicates that relative to other safety net programs in low income countries, social assistance in Albania is fairly well targeted to the poor.

Clear and precise mechanical techniques on how to structure option spreads while riding on the bullish biases of the equity markets in the long term. The reference index in particular CBOE SPX. No fanciful option risk modeling software required, because the model is based on directional trading system returns. Option Income takes advantage of time decay as an additional advantage to directional bias. You will know when to enter and how much risk and reward in each trade setup. This is unlike other option book, the principle is condensed into a simple and quick read within 1 hour of your time.

Covers the entire history of motorcycles, documenting the major innovations in engineering and design that have driven the evolution of these thrilling vehicles.
