After all, with serious performance intentions, the 2009 Audi TTS has a lot to prove. To chase down Euro sports car rivals like the Porsche Cayman and BMW Z4, the TTS ups the ante where it really counts: under the hood. There lies Audi ' s newest direct-fuel injected turbocharged 2.0-liter 4-cylinder.

### 2009 Audi TTS | MotorWeek

The chassis of the 2009 Audi TTS has been reworked with recalibrated electronics that allow for controlled drifts. Fuel consumption is very good for a sports car at 21 mpg in the city and 29 mpg on the highway. 0 to 60 mph is reached in 4.9 seconds for the coupe and just 5.1 seconds for the roadster.

Germany is often considered the birthplace of the automobile, so it makes sense that some of the greatest supercars are produced there. This high-interest volume introduces readers to these cars and presents them with fun facts and stats regarding each vehicle. This information is presented in a visually appealing way that allows readers to compare and contrast each featured car. Colorful photographs are paired with helpful captions and labels that provide deeper insight. Various graphic elements appeal to visual learners, while exciting text and subject matter engages all readers.

Postal carrier Kimberly Walsh thinks her day is going bad when she gets handed a dog—one that loves to bite her. She's wrong—her day gets really bad when she discovers the dog's owner...murdered. When she finds another body the next day, the police decide they've discovered another postal worker gone bad. Kimberly has got to find a way to clear her name.

Using his neighbor's house to spend some private time with his girlfriend while the Barclays are on vacation, Derek Cutter suddenly becomes the prime suspect in a small-town murder case when the Barclays return home early and are unexpectedly killed—with Derek still hiding in their basement. Reprint.

Uncle John will get your motor running with this all-new edition dedicated to cars, trucks, trains, buses, motorcycles, mopeds, roller coasters...and of course, the Wienermobile. Uncle John has the need...for speed! (But he always uses his turn signal.) Hop on in and let the Bathroom Readers ' Institute take you on the ultimate road trip. From the first motorized vehicles to the flying cars of tomorrow, you ' ll race around the world to learn about some great sets of wheels and the gear heads who make them go. And not just cars, this book has planes, trains, roller coasters, yachts, and massive machines that literally move mountains. So strap on your seatbelts—it ' s going to be a fun ride! Read about... " Secrets of Hollywood car chases " The original Cannonball Run " Taking a ride in the hot-tub limo " The drag queen " The history of airships " The Black Beetle: a New York Central train outfitted with jet engines " The yacht that cost more than some countries ' GDP " Around the world in 25 days " A car without a driver " A look at how a jet engine works " Ghost planes and haunted ships " Pal Newman buys a Beetle " The origin of crash-test dummies And much, much more!

A political thriller about the first woman President of the United Sates and her private eye husband.

Melissa Romney-Jones went from doormat to diva when she donned a blond wig, became Honey, a no-nonsense bombshell, and set up shop providing London's most clueless men with all the basic girlfriend services -- except, of course, for sex and laundry! Now, her business is booming, but when her flat-mate decides to renovate, she has to temporarily find a new place to live. Then Melissa's dashing American boyfriend (and former client) Jonathan Riley gets a promotion that takes him to New York. There's only one solution: an extended holiday for Melissa in the Big Apple. Entrusting care of the Little Lady Agency to her tactless best friend and her melodramatic sister, Melissa crosses the pond and finds herself out of her depth among Jonathan's hard-charging friends and his interfering ex-wife. Although Jonathan works all the time, he asks Melissa not to take on any new clients while she's in his hometown. But when she's presented with a tempting new challenge, Melissa decides to put her expertise to use. Then her project lands her in the tabloids, which sets off a hilarious and heartbreaking chain of events that could force her to choose between the man she loves and the unique business into which she has poured her heart and soul. Irresistibly funny and full of the magic of New York, Little Lady, Big Apple is another triumph that will have you rooting for Melissa all the way!

For the first time in one volume, Phil Edmonston, Canada ' s automotive " Dr. Phil, " covers all used vehicles, packing this guide with insider tips to help the consumer make the safest and cheapest choice possible from cars and trucks of the past 25 years.

As U.S. and Canadian automakers and dealers face bankruptcy and/or unprecedented downsizing, Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car and truck books on the market. Phil Edmonston, Canada ' s automotive " Dr. Phil " for more than 35 years, pulls no punches. This compendium of everything that ' s new in cars and trucks is packed with feedback from Canadian drivers, insider tips, internal service bulletins, and confidential memos to help the consumer select what ' s safe, reliable, and fuel-frugal. Know all about profit margins, rebates, and safety defects. And when things go wrong, fight back! Lemon-Aid ' s complaint tactics, sample letters, Internet gripe sites, and winning jurisprudence will get you attention — and a refund!

Fat, forty-four, father of three sons, and facing a vasectomy, Mark Obmascik would never have guessed that his next move would be up a 14,000-foot mountain. But when his twelve-year-old son gets bitten by the climbing bug at summer camp, Obmascik can't resist the opportunity for some high-altitude father-son bonding by hiking a peak together. After their first joint climb, addled by the thin air, Obmascik decides to keep his head in the clouds and try scaling all 54 of Colorado's 14,000-foot mountains, known as the Fourteeners -- and to do them in less than one year. The result is Halfway to Heaven, Pulitzer Prize-winning journalist Obmascik's rollicking, witty, sometimes harrowing, often poignant chronicle of an outrageous midlife adventure that is no walk in the park, although sometimes it's A Walk in the Woods -- but with more sweat and less oxygen. Half a million people try climbing a Colorado Fourteener every year, but only twelve hundred have reported summiting them all. Can an overweight, stay-at-home dad become No. 1,201? With his ebullient personality and sparkling prose, Obmascik brings us inside the quirky, colorful subculture of mountaineering obsessives who summit these mountains year after year. Honoring his concerned wife's orders not to climb alone, Obmascik drags old friends up the slopes, some of them lifelong flatlanders tasting thin air for the first time, and lures seasoned Rockies junkies into taking on a huffing, puffing newbie by bribing them with free beer, lunches, and car washes. Among the new friends he makes are an ex-drag racer trying to perform a headstand on every summit, the lead oboe player in a Hebrew salsa band, and a climber with the counterproductive pre-climb ritual of guping down four beers and a burrito. Along the way, Obmascik experiences the raw, rowdy, and rarely seen intimacy of male friendship, braced by the double intoxicants of adrenaline and altitude. Though danger is always present -- the Colorado Fourteeners have killed more climbers than Mount Everest -- Mark knows his aging scalp can't afford the hair-raising adventures of Jon Krakauer's Into Thin Air, and his quest becomes a story of family, friendship, and fraternity. In Obmascik's summer of climbing, he loses fifteen pounds, finds a few dozen man-dates, and gains respect for the history of these storied mountains (home to cannibalism, gold rushes, shoot-outs, and one of the nation's most famed religious shrines). As much about midlife and male bonding as it is about mountains, Halfway to Heaven tells how weekend warriors can survive them all as they reach for those most distant things -- the summits of mountains and a teenage son. And as one man exceeds the physical achievements of his youth, he discovers that age -- like summit height -- is just a number.
