From the New York Times Best Selling Author of the Accidentally On Purpose trilogy. "You were born to be mine and I was born to be yours." Donya Stewart's chest filled with the soft beating wings of butterflies when she first met Emmet Grayne's green eyes at the ripe age of five. Unable to identify the tugging pressure within her when in his presence, Donya moved through the first several years of her life addled by her feelings for the boy who was her best friend's brother, and very much like her own sibling. But one cool autumn night in her mystifying teenage years, Emmet erases any ideas Donya has of him being anything like a sibling. Donya and Emmet, unable to deny the invisible cord that fetters them together on an incredibly visceral level, begin a long journey on a road abounding with challenges, hurdles, and destructive forces. Their love for one another is absolute, and the emotional link between them is strong, but when they make a series of painful decisions and mistakes that pull them apart, the strength of that tether is challenged. "The tether contorted and quivered and groaned in protest." If you are in search of an angst-filled romance novel, get tied into Tethered...

When Tabitha and her best friend Leslie were young, they made a pact to never get involved with the same guy. That wasn't a problem for Tabitha, especially as far as Leo Pesciano was concerned. Tabitha hated the guy. It didn't matter that he was good looking and all of the other girls drooled over him, and Leslie had a big crush on him. He was obnoxious and loved to rile Tabitha up; but when she is faced with life-altering challenges, Leo becomes her protector and her friend. There is a strong chemistry between them that Tabitha tries very hard to ignore, but Leo doesn't make it easy. After an explosive end to their friendship during their college years, more than nine years later they are reunited and Tabitha is again resistant to the attraction she feels to Leo. Time, distance, and new lives have come between Leslie and Tabitha over the years, and they rarely speak or see each other, but Tabitha tries to uphold the girl code they created when they were children. Her loyalty to her old friend is admirable, but will this same loyalty destroy her chance with the man who just may be the love of her life?

Zealous faith can have a dangerous, dark side. While recent calls for radical Christians have challenged many to be more passionate about their faith, the down side can be a budding arrogance and self-righteousness that "accidentally" sneaks into our outlook. In *Accidental Pharisees*, bestselling author Larry Osborne diagnoses nine of the most common traps that can ensnare Christians on the road to a deeper life of faith. Rejecting attempts to turn the call to follow Christ into a new form of legalism, he shows readers how to avoid the temptations of pride, exclusivity, legalism, and hypocrisy, Larry reminds us that attempts to fan the flames of full-on discipleship and call people to Christlikeness should be rooted in love and humility. Christians stirred by calls to radical discipleship, but unsure how to respond, will be challenged and encouraged to develop a truly Christlike zeal for God.

In this era of tweets and blogs, it is easy to assume that the self-obsessive recording of daily minutiae is a recent phenomenon. But Americans have been navel-gazing since nearly the beginning of the republic. The daily planner—variously called the daily diary, commercial diary, and portable account book—first emerged in colonial times as a means of telling time, tracking finances, locating the nearest inn, and even planning for the coming winter. They were carried by everyone from George Washington to the soldiers who fought the Civil War. And by the twentieth century, this document had become ubiquitous in the American home as a way of recording a great deal more than simple accounts. In this appealing history of the daily act of self-reckoning, Molly McCarthy explores just how vital these unassuming and easily overlooked stationery staples are to those who use them. From their origins in almanacs and blank books through the nineteenth century and on to the enduring legacy of written introspection, McCarthy has penned an exquisite biography of an almost ubiquitous document that has borne witness to American lives in all of their complexity and mundanity.

Living in a "perfect" world without social ills, a boy approaches the time when he will receive a life assignment from the Elders, but his selection leads him to a mysterious man known as the Giver, who reveals the dark secrets behind the utopian facade.

A long time ago, back in the 1960s, a close friend asked me to go along with him to a book signing in Sausalito, California. I was introduced to the author. He was a recognizable and quite famous old man. He said, "Will you come and visit me in San Francisco sometime?" "Yes, I will," I replied and didn't think much about it. But within a few weeks my friend was asked by the old author to visit, and I was asked to go along. We greeted the old man, and he ushered us in. Then he turned to me and said, "Can I tell you things of your life? Experiences you've had and didn't have and your destiny. I will record it and put it on reel to reel for you." "Of course," I said, as I was very curious of what he might know about me. And so he talked about me and was very accurate. Then he took my hand and moved closer to me, close to my face. He said, "You have something to tell the world, the entire world. I don't know what it is, but it is the entire world." But all was forgotten for more than fifty years. A few weeks ago, Michael and I were talking about the old man. What if this was all destined - Michael's gift of seeing in the spirit as Kirilian afterimage? My search for healing and search for God? Were we destined to be together? So we decided to ask! "Was the old man right? Was I destined to write this book and tell what has been revealed?" Michael touched my head and the touch revealed, YES. I asked out loud, "Who is the book for?" The touch revealed, THOSE WHO SEEK AND LOVE GOD, THE LOST WHO NEED HELP. And so each day, as I study scripture, I ask the questions, some about the future. There are some unanswered questions. The Lord Jesus gave these statements without my questioning: HEALING OF THE WOUNDED SPIRIT. SEVERE NUCLEAR ACCIDENT INDIA. LEARN SEED PROPAGATION. PREPARE. MY RETURN. REJOICE. The material from the touch is growing into the next book. The next book will probably be easier to write.
