This series features classic Shakespeare retold with graphic color illustrations. Educators using the Dale-Chall vocabulary system adapted each title. Each 64-page, book retains key phrases and quotations from the original play. Research shows that the more students read, the better their vocabulary, their ability to read, and their knowledge of the world. Containing 11 reproducible exercise to maximize vocabulary development and comprehension skills, these guides include pre-and post-reading activities, story synopses, key vocabulary, and answer key. The guides are digital, you simply print the activities you need for each lesson.

There is a need in the higher education arena for a book that responds to the need for using technology in a classroom of tech-savvy students. This book is filled with illustrative examples of questions and teaching activities that use classroom response systems from a variety of disciplines (with a discipline index). The book also incorporates results from research on the effectiveness of the technology for teaching. Written for instructional designers and re-designers as well as faculty across disciplines. A must-read for anyone interested in interactive teaching and the use of clickers. This book draws on the experiences of countless instructors across a wide range of disciplines to provide both novice and experienced teachers with practical advice on how to make classes more fun and more effective."--Eric Mazur, Balkanski Professor of Physics and Applied Physics, Harvard University, and author, Peer Instruction: A User's Manual "Those who come to this book needing practical advice on using 'clickers' in the classroom will be richly rewarded: with case studies, a refreshing historical perspective, and much pedagogical ingenuity. Those who seek a deep, thoughtful examination of strategies for active learning will find that here as well--in abundance. Dr. Bruff achieves a marvelous synthesis of the pragmatic and the philosophical that will be useful far beyond the life span of any single technology." --Gardner Campbell, Director, Academy for Teaching and Learning, and Associate Professor of Literature, Media, and Learning, Honors College, Baylor University

Presents a collection of critical essays about William Shakespeare's play, "Hamlet."

The original CliffsNotes study guides offer expert commentary on major themes, plots, characters, literary devices, and historical background. The latest generation of titles in this series also feature glossaries and visual elements that complement the classic, familiar format. Something may be rotten in the state of Denmark, but your grades will be sweet when you rely on CliffsNotes on Hamlet as you digest Shakespeare's tragic masterpiece. In this play, Hamlet explores the meaning of life, death, eternity, relationships, hypocrisy, truth, the existence of God, and almost anything else that concerns mankind. Character studies shed new light on Prince Hamlet, his father King Hamlet, the malevolent Claudius, the troubled Ophelia--and the rest of the cast. You'll also explore the life and times of William Shakespeare, and unlock the play's themes and literary devices. Count on CliffsNotes on Hamlet for detailed summaries and commentaries on every scene to help you appreciate the complexity of the play. Other features that help you study include Character analyses of major players A character map that graphically illustrates the relationships among the characters Critical essays A review section that tests your knowledge Classic literature or modern-day treasure--you'll understand it all with expert information and insight from CliffsNotes study guides.

Hamlet stands as a high water mark of canonical art, yet it has equally attracted rebels and experimenters, those avant-garde writers, dramatists, performers, and filmmakers who, in their adaptations and appropriations, seek new ways of expressing innovative and challenging thoughts in the hope that they can change perceptions of their own world.

Gertrude and Claudius are the "villains" of Hamlet: he the killer of Hamlet's father and usurper of the Danish throne, she his lusty consort, who marries Claudius before her late husband's body is cold. But in this imaginative "prequel" to the play, John Updike makes a case for the royal couple that Shakespeare only hinted at. Gertrude and Claudius are seen afresh against a background of fond intentions and family dysfunction, on a stage darkened by the ominous shadow of a sullen, erratic, disaffected prince. "I hoped to keep the texture light," Updike said of this novel, "to move from the mists of Scandinavian legend into the daylight atmosphere of the Globe. I sought to narrate the romance that preceded the tragedy."
