AMA paper format means using proper references within the text and Reference List, but also using the proper stylistic matters. This includes such things as using headings and capitalizing them appropriately, or using line spacing, margins, text styles (such as using "one" or "1", using AM, a.m., or A.M.), placement of page numbers, font, spacing for graphs, size and shape for tables, etc.

AMA Reference Section. Every in-text citation must have a corresponding full citation in the reference section of your paper. These citations will correspond to all the texts you used throughout your essay. Here are some general AMA rules for structuring your reference page: Items are listed numerically in the order they are cited in the text

~~Citation (AMA) :: Health Sciences, Education and Wellness ...~~

" AMA style " is the recognized style of the American Medical Association. AMA is used primarily in the health professionals and by scientists but it is common in many classes at WCU. AMA guidelines cover more than just citations; AMA provides rules on the structure, style, and look of a paper, including headings, tables, and research methods.
