According to Egyptian mythology, Benu was a self-created being said to have played a role in the creation of the world.He was said to be the ba of Ra and to have enabled the creative actions of Atum. The deity was said to have flown over the waters of Nun that existed before creation, landing on a rock and issuing a call that determined the nature of creation.

The first book on San Francisco's three-Michelin starred restaurant Benu and its chef Corey Lee, hailed by David Chang as one of the best chefs on earth. Since striking out on his own from Thomas Keller's acclaimed French Laundry in 2010, Corey Lee has crafted a unique, James Beard Award-winning cuisine that seamlessly blends his South Korean heritage with his upbringing in the United States. Benu provides a gorgeously illustrated presentation of the running order of one of Lee's 33-course tasting menus, providing access to all the drama and pace of Benu's kitchen and dining room. Forewords by Thomas Keller and David Chang are accompanied by additional short prose and photo essays by Lee, detailing the cultural influences, inspirations, and motivations behind his East-meets-West approach.

This is a biography of my father, Dr. Barua. I always wanted to read story books instead of textbooks when I was a little girl. One day I discovered that I can tell my feelings and my surroundings in writing to my friends. When I got married to a Muslim boy, I was disconnected from my family. For almost a decade and a half, I had no contact with my parents, siblings, or relatives. That at was a painful time in my life and in the meantime I heard my sister became depressed and suicidal. My husband helped me to reconnect with my family. To show my father and family that I care about them, I wrote this biography as a symbol of love.

Tells how Nun, "a sleeping ocean of deep water surrounded on all sides by Chaos", brings forth first Benu, a magnificent glowing bird, and then Atum, Shu, Tefnut, and the rest of creation.

Within this book is a key to unlock the spiritual and psychological chains, and opens the way to a greater understanding of the scriptures, ourselves, and our direct connection with the Ultimate Reality we call God. In The Key to Eden, Aankh Benu takes the interpretation of the scriptures and life to higher dimensions, while revealing a depth of meaning. This book, the first of two volumes, is a guide to personalizing our spirituality, while eradicating the need of an intermediary. Designed to eliminate the vicarious religious mindset, this book provides a personalized path of spiritual attunement. Through following the instructions given in the book, the reader will be guided through a step by step process of initiation, that will lead to the realization of our innate potential, and a life of greater joy and fulfillment. This book is a gift of wisdom, healing, and power meant to be shared with the world.

Examines Egyptian mythology, providing an overview essay, chronology of the mythological universe, and alphabetically-arranged entries covering major deities, rituals, themes, and beliefs.

This comparative religion book contains a startling perspective of the extraordinary history of the Egyptian religion and its profound influence upon the later Christian faith. The text demonstrates that the popular god Horus and Jesus possessed many characteristics and attributes in common.

The purpose of this book is to present the Kemetic tradition in it's purest Kemetic, Afrikan context, and to demonstrate the fact that: despite the popular misconception about the tradition being a "dead tradition," everything that we need, that makes the tradition complete in its effectiveness, and its "Afrikaness," is available to us today, and more "supplemental information" is literally being uncovered daily. In other words, the Kemetic tradition is not lost. The ritual information in the latter half of this book is to further demonstrate and solidify these points: The Kemetic tradition is a living tradition The nTrw (deities) are real living forces In following the lead of our Ancestors, this tradition can work for us in the same manner that it worked for them. Every effort has been made to "stick to the script," as much as possible, to maintain the integrity of the tradition, and what you find in the following pages is an exegesis presented by the author, as a child of Afrika, a student and teacher of Afrikan Spirituality in general, and Kemetic spirituality in specific, and the way that this tradition is currently being practiced by the community of Henensu.

A lyrical trilogy that resonates with power, these plays tell the extraordinary stories of three generations of strong women.

'Why do people fail?' is brimming with unforgettable incidents from real life. It is an honest venture- a compilation of real life experiences - to help people overcome the hurdles in life, by instilling positive thinking and hope. The book is insightful, a solace to people in blues and is set to change your life forever.
