Filled with questions, inspiring anecdotes, and guided meditations, *Life's Big Questions* invites readers and their family and friends to examine their beliefs about spirituality and learn new ways to encounter the sacred in daily life. Questions range from the concept of God, the reason for evil, and the meaning of death, to the variety of spiritual experiences and existence of miracles.

From Eric Allison, *The Guardian* I sometimes think I know all there is to know about prisons. The delusion comes from spending some 16 years, on and off, behind bars, during a criminal career that spanned over four decades. Since

turning my back on crime. The Guardian newspaper has seen fit to employ me as their prisons correspondent, a post I have held for the last nine years so, although I last left prison some 12 years ago, prison has never really left me. But of course, nobody knows everything about anything. And I am frequently surprised-amazed even-at a prison story/issue that lands on my desk. And so it was when the manuscript of "In It" came my way; the tale of one man's sojourn as a guest of Her Majesty at HMP Bedford and Hollesley Bay. Jonathan Robinson was a "first timer"; nicked for stealing from his employer and sentenced to 15 months. Given that prison sentences have become much

Longer since I first trod the penal path, 15 months is "short term"-hardly time for a "shit and a shave" (as us old lags used to opine when a newcomer grumbled about spending a few months with us.) Not that Robinson moans of his plight, far from it; throughout the tome, he repeatedly shows remorse for his crime and declares he deserved a longer sentence. No wallowing in self-pity for this lad, he just got on with it. Now a free man, he is on a mission to change the system that incarcerated him. Robinson landed in Bedford jail, a Victorian relic that takes the flotsam and jetsam from the courts of the county it serves. He feared the worst when the gates slammed behind him. Shades of Shawshank

Redemption closed around him. Would he be assaulted, robbed, raped? No such thing of course, as Robinson quickly realised. Far from terrorising him, his fellow travellers helped him traverse the minefield of pettifogging rules and rigmaroles and his only fight was against boredom and bureaucracy. To deal with the former, he elected to start a diary and recorded his experiences with great perception - and not a little humour. Robinson surveyed that system through an eye that saw more in a few months, than many a prisoner I knew saw in many years. His account immediately drew me back to the wasted wings and landings I knew so well. Seeing them again through his fresh eyes, put me

back in the early 1960s when, like Robinson, they were new and equally strange to me. When I first entered the adult prison system, I was a "star". No kidding; all first timers wore a red astral sign on their jackets, to denote their lowly stature in the prison pecking order. Don't ask me why; prison service orders made as little sense then as they do now. Robinson, the star prisoner, may just turn out to be a star writer. He paints a stunningly accurate picture of the chaos and confusion that exists in prisons like Bedford. These are "local" jails, where prisoners are dumped from courts, categorised and, eventually, shunted around the system. He ended up in Hollesley Bay, an open jail, where he

expected to find more order. But the chaos followed him, albeit at a slightly less frenetic pace. I found the account of his travails highly readable; the narrative is colourful and goes at a good gallop. He could turn out to be the penal equivalent of Adrian Mole. Like that spotty kid, Robinson was different from his peers inside. Well educated - he was a helicopter pilot before landing inside - and, I suspect, fairly right wing in his attitude to offenders, before he became one. And though I disagree strongly with some of his views and ideas for reform, I cannot fault his passion for change, or his ability to capture the essence of doing time, in a bloated, failing prison system. Apparently, a copy of "In

Someone You Love. A psychotherapist with decades of experience in counseling couples, Nancy Dreyfus hit upon the revolutionary practice outlined in this book during a couples-therapy session in which a wife's unrelenting criticism of her husband was causing him to become emotionally withdrawn. In the midst of this, Dreyfus found herself scribbling on a scrap of paper, "Talk to me like I'm someone you love," and gestured to the husband that he should hold it up. He did and within seconds the familiar power differential between the two shifted, and a gentler, more genuine connection emerged. Dreyfus was startled, then intrigued, and then motivated to

Create a tool that could help others. This book features more than one hundred of Dreyfus's "flash cards for real life," written statements that express what we wish we could communicate to the person we love, but either can't find the right words or the right tone in which to say it. The statements include: □ Taking responsibility: "I realize I'm overreacting. Can you give me a minute to get sane again?" □ Apologizing: "I know I've really hurt you. What can I do to help you trust me again?" □ Loving: "You are precious, and I get that I haven't been treating you like you are." More Love And Less
Conflict Paperback

You hear and read a lot about ways to improve your relationship. But if you've tried these without much success, you're not alone. Many highly reactive couples—pairs that are quick to argue, anger, and blame—need more than just the run-of-the-mill relationship advice to solve their problems in love. When destructive emotions are at the heart of problems in your relationship, no amount of effective communication or intimacy building will fix what ails it. If you're part of a "high-conflict" couple, you need to get control of your emotions first, to stop making things worse, and only then work on building a

better relationship. The High-Conflict Couple adapts the powerful techniques of dialectical behavior therapy (DBT) into skills you can use to tame out-of-control emotions that flare up in your relationship. Using mindfulness and distress tolerance techniques, you'll learn how to deescalate angry situations before they have a chance to explode into destructive fights. Other approaches will help you disclose your fears, longings, and other vulnerabilities to your partner and validate his or her experiences in return. You'll discover ways to manage problems with negotiation, not conflict, and to find true acceptance and closeness with the person you
