Unfortunately I don't think  
there's any game or  
simulator that can prepare  
you for driving a manual  
transmission car, at least  
in terms of clutch  
operation. I think the  
simulator could help with  
the concept of going through  
gearshifts but clutch  
control is something that  
honestly varies so much,  
especially from car to car.

The hardest part of driving stick, smooth take off, is very hard to simulate as it heavily relies on the feedback the car gives you. You can learn to drive it like a race car. Most race cars barely need the clutch once they've launched. Even road cars can be driven without a clutch if you're very good at rev matching.
