General Engine Overhaul Procedures - e13 Components

Engine overhaul procedure. The following description applies directly to a large number of Craftsman mowers using Tecumseh engines (most do). However, with minor modifications, it is also applicable to most other mowers using 4 stroke engines. Mechanically, 2 stroke engines are very similar. In many respects, they are simpler having no camshaft operated valves or oil pump.

ENGINE IDENTIFICATION OVERHAUL PROCEDURES - GENERAL ...

Reciprocating piston aircraft engines can be repaired by a top overhaul. This means an overhaul of those parts on top of the crankcase, without completely dismantling the engine. It includes removal of the units (i.e., exhaust collectors, ignition harness, intake pipes) necessary to remove the cylinders. The actual top overhaul consists of reconditioning the engine's cylinders by replacing or reconditioning the piston and piston rings, and reconditioning or plating the cylinder wall and ...
