This follows 4th grade common core very well, as well as introduced students to 5th grade concepts at the end of the book. I use it to introduce concepts and math vocabulary. It has a lot of great higher order thinking questions, but not a lot of practice problems. You have to buy the homework book separately, which does have more practice ...

enVision packs a unique one-two punch. Lessons start with Problem-Based Learning (PBL), where students must think critically about a real-world math problem, evaluate options, collaborate, and present solutions. This is followed by Visual Learning to solidify the underlying math concepts. It's the best way to help kids better understand math ideas.
