Formerly known as the Study Guide, the Exam Prep provides a self-study student resource for certification level Firefighter I & II. The review materials are color coded and divided into certification levels I & II. Page references to the Essentials of Fire Fighting text are provided to assist with review and remediation.

This study guide may be used to supplement both the basic Essentials of Fire Fighting (5th edition) manual and the Essentials of Fire Fighting and Fire Department Operations (5th edition) manual. The questions contained in this study guide are intended to help students check their own learning progress as they read the book and advance through it or a training course. Questions are provided in a multiple-choice format because it is the most common type of question format used in fire service testing processes. The heavy-duty wire binding allows the study guide to lay flat. The questions in each chapter are separated into Fire Fighter I and II sections so that students can focus on the level they are currently pursuing. The questions also reference the page where the relevant information may be found in the main manuals. The answers are listed in the back of the manual according to chapter and level.

This version includes all 21 chapters of Essentials of Fire Fighting, 6th Edition and adds three chapters written and validated to meet the emergency medical and hazardous materials requirements of NFPA® 1001, 2013 Edition. Chapter 22 specifically addresses the Firefighter I and Firefighter II knowledge and skills requirements for the emergency medical care competencies identified in NFPA® 1001, 2013 Edition Chapter 4. Chapters 23 and 24 meet the First Responder Awareness and Operations Levels for Responders according to NFPA® 472: Standard for Competence of Responders to Hazardous Materials/Weapons of Mass Destruction Incidents, 2012 Edition and OSHA 1910.120. The chapters also provide validated content to meet Section 6.6, Mission-Specific Competencies: Product Control, of NFPA® 472. The hazardous materials information is adapted from the IFSTA Hazardous Materials for First Responders, 4th Edition.

Market-leading text for Fire Fighter I and Firefighter II training. Completely updated to meet NFPA 1001 objectives, the new 5e has been redesigned offering both students and instructors the most comprehensive package available.

For courses in the essentials of fire fighting. Foundations for success in professional fire fighting Essentials of Fire Fighting and Fire Department Operations continues the tradition of excellence in firefighter education. It meets all the requirements of Fire Fighter I and II levels of NFPA 1001®, NFPA 472®, and OSHA 1910.120. The 7th edition offers a complete support package, including skill sheets, knot and rope requirements, and coverage of essential job tasks related to medical requirements of NFPA 1582®.
