Stories from the Heart In 1994, an idealistic first-year teacher in Long Beach, California, named Erin Gruwell confronted a room of “unteachable, at-risk” students. She had intercepted a note with an ugly racial caricature and angrily declared that this was precisely the sort of thing that led to the Holocaust. She was met by uncomprehending looks—none of her students had heard of one of the defining moments of the twentieth century. So she rebooted her entire curriculum, using treasured books such as Anne Frank’s diary as her guide to combat intolerance and misunderstanding. Her students began recording their thoughts and feelings in their own diaries, eventually dubbing themselves the “Freedom Writers.” Consisting of powerful entries from the students’

Now documented in a bestselling book, feature film, and public television documentary, the Freedom Writers phenomenon came about in 1994, when Erin Gruwell stepped into Room 203 and began her first teaching job out of college. Long Beach, California, was still reeling from the deadly violence that erupted during the Rodney King riots, and the kids in Erin's classroom reflected the anger, resentment, and hopelessness of their community. Undaunted, Erin fostered an educational philosophy

that valued and promoted diversity, tolerance, and communication, and in the process, she transformed her students' lives, as well as her own. Erin Gruwell and the Freedom Writers went on to establish the Freedom Writers Foundation to replicate the success of Room 203 and provide all students with hope and opportunities to realize their academic potential. Since then, the foundation has trained more than 800 teachers around the world. But now, in the new millennium, the Berglunds have become a mystery. Why has their teenage son moved in with the aggressively Republican family next door? Why has Walter taken a job working with Big Coal? What exactly is Richard Katz—outré rocker and Walter's college best friend and rival—still doing in the picture? Street become "a very different kind of neighbor," an implacable Fury coming unhinged before the street's attentive eyes? In his first novel since *The Corrections*, Jonathan Franzen has given us an epic of contemporary love and marriage. *Freedom* comically and tragically captures the temptations and burdens of liberty: the thrills of teenage lust, the shaken compromises of middle age, the wages of suburban sprawl, the heavy weight of empire. In charting the mistakes and joys of *Freedom*'s characters as they struggle to learn how to live in an ever more confusing world, Franzen has produced an indelible and deeply moving portrait of our time.

All fiction is character-driven,  
according to William Bernhardt,

despite what you might have heard elsewhere. If your characters don't interest readers, even the most exciting plots will fail. "Action is character," Aristotle wrote, but what does that mean, and how can you use that fundamental principle to create dynamic fiction that will captivate readers? This book explains the relationship between character and plot, and how the perfect melding of the two produces a mesmerizing story. Using examples spanning from *The Odyssey* to *The Da Vinci Code*, Bernhardt discusses the art of character creation in a direct and easily comprehended manner. The book also includes exercises designed to help writers apply these ideas to their own work. William Bernhardt is the author of more than fifty novels, including the blockbuster *Ben Kincaid*
