"Get Bent" is book #2 in the "Hard Rock Roots" series, and it starts off right where the story left off in the first book. Naomi is missing, and most people think she is dead. I loved how Turner refused to give up on the fact that she was alive. I had started to worry at the beginning when Turner was at his "bottom".

Get Bent (Hard Rock Roots, #2) by C.M. Stunich

GET BENT (Hard Rock Roots #2) - A Dark, Dirty Rocker Romance WARNING: This book pushes the boundaries of drugs, sex, and rock 'n' roll. It has a bad boy hero with a twisted smirk and a wicked swagger, but don't read on unless you want to see him hook up with a bada** alpha female that can match him blow for blow--onstage ... and in the bedroom.

Get Bent is book 2 in the Hard Rock Roots series. It takes up right where Real Ugly left off: Naomi Knox is missing and Turner Campbell is a wreck. Naomi and Turner are on a music tour with their respective bands and have a very volatile love/hate relationship. Turner is in love, Naomi is still leaning towards hate.

Real Ugly (Hard Rock Roots #1) - A Gritty Rock Star Romantic Suspense WARNING: You are about to dive into a dark, gritty world of sex, drugs, and rock 'n' roll. Don't start reading unless you're into true love, hot sex, music that touches the soul, and tall as f*ck roller coasters. This series will make you laugh, cry, sweat, hate, love, think, and wonder. You will be torn in two and sewn back together, and you'll want it to happen all the h*ll over again. The characters in this book will drive you crazy, and they'll curse like sailors. We all love the word f*ck. A lot. Don't turn the page unless you're ready to get torn apart like the world's hardest rock riff. "These are real people with real problems. This is real life, and it's real f*cked up." Turner Campbell is an a**hole. I f*cking hate him. But I can't get enough either. He sings like an angel and f*cks like a devil. If I could, I'd run away and never look back because to tell you the truth, I think this man might be the death of me. & & Naomi Knox is a b*tch. I can't f*cking stand her. But I can't stop thinking about her either. She looks like an angel and plays like a devil. If I could, I'd f*ck her good and forget all about her, but to tell you the truth, I think this woman might be my last saving grace.

Young Cassie Logan endures humiliation and witnesses the racism of the KKK as they embark on a cross-burning rampage, before she fully understands

the importance her family attributes to having land of their own.

SHORTLISTED FOR THE PENDERYN MUSIC BOOK PRIZE *Roots, Radicals & Rockers: How Skiffle Changed the World* is the first book to explore this phenomenon in depth - a meticulously researched and joyous account that explains how skiffle sparked a revolution that shaped pop music as we have come to know it. It's a story of jazz pilgrims and blues blowers, Teddy Boys and beatnik girls, coffee-bar bohemians and refugees from the McCarthyite witch-hunts. Billy traces how the guitar came to the forefront of music in the UK and led directly to the British Invasion of the US charts in the 1960s. Emerging from the trad-jazz clubs of the early '50s, skiffle was adopted by kids who growing up during the dreary, post-war rationing years. These were Britain's first teenagers, looking for a music of their own in a pop culture dominated by crooners and mediated by a stuffy BBC. Lonnie Donegan hit the charts in 1956 with a version of 'Rock Island Line' and soon sales of guitars rocketed from 5,000 to 250,000 a year. Like punk rock that would flourish two decades later, skiffle was a do-it-yourself music. All you needed were three guitar chords and you could form a group, with mates playing tea-chest bass and washboard as a rhythm section.

From his early rise to fame to battles with his health, this revelatory memoir by legendary guitarist Peter Frampton celebrates the life of a rock icon. *Do You Feel Like I Do?* is the incredible story of Peter Frampton's positively resilient life and career told in his own words for the first time. His monumental album *Frampton Comes Alive!* spawned three top-twenty singles and sold eight million copies the year it was released (more than seventeen million to date), and it was inducted into the Grammy Hall of Fame in January 2020. Frampton was on a path to stardom from an early age, first as the lead singer and guitarist of the Herd and then as cofounder—along with Steve Marriott—of one of the first supergroups, Humble Pie. Frampton was part of a tight-knit collective of British '60s musicians with close ties to the Rolling Stones, the Beatles, and the Who. This led to Frampton playing on George Harrison's solo debut, *All Things Must Pass*, as well as to Ringo Starr and Billy Preston appearing on Frampton's own solo debut. By age twenty-two, Frampton was touring incessantly and finding new sounds with the talk box, which would become his signature guitar effect. Frampton remembers his enduring friendship with David Bowie. Growing up as schoolmates, crossing paths throughout their careers, and playing together on the Glass Spider Tour, the two developed an unshakable bond. Frampton also shares fascinating stories of his collaborative work with Harry Nilsson, Stevie Wonder, B. B. King, and members of Pearl Jam. He reveals both the blessing and curse of *Frampton Comes Alive!*, opening up about becoming the cover boy he never wanted to be, his overcoming sub-stance abuse, and how he has continued to play and pour his heart into his music despite an inflammatory muscle disease and his retirement from the road. Peppered throughout his narrative is the story of his favorite guitar, the Phenix, which he thought he'd lost in a fiery plane crash in 1980. But in 2011, it mysteriously showed up again—saved from the wreckage. Frampton tells of that unlikely reunion here in full for the first time, and why the miraculous reappearance is emblematic of his life and career as a quintessential artist.

One of BookRiot's Must-Read Books from Indie Presses for 2014 "Prato has curated a collection to attract the uninitiated as well as preach to the unwashed converted masses." --Examiner.com "It's a wild ride that's vividly captured in Greg Prato's excellent oral history, *Primus: Over the Electric Grapevine*." --Bass Player Magazine "A book about the highly strange San Franciscans Primus has been overdue for years, so Greg Prato's excellent oral history of the band is welcome--doubly so, given that the key bandmembers, Les Claypool, Larry Lalonde and Tim Alexander, are involved....Great stuff." --Record Collector Magazine "A master storyteller, skilled in the art of assembling oral histories that not only examine their subjects in great depth but also spin a great yarn, Prato is able to combine a thorough study of Claypool's eccentric genius with a relaxed, free-flowing narrative of the Primus's origins story,

Download Free Get Bent Hard Rock Roots 2 Cm Stunich

detailing influences and lineup changes, early performances and the making of landmark Primus albums....[The book] doesn't get bogged down by minutiae, and although it could be called an 'exhaustive' work, it's far from an exhausting read." --Backstage Auctions "Esteemed journalist and rock historian Greg Prato brings his estimable literary skills in unwrapping the enigma of Primus....If you loved Primus before but maybe didn't understand everything they did, that will change after reading this. In fact, when you finish the last page here, race over to your Primus CD collection and re-listen to all their music with new and educated ears. Their music will never have sounded so good." --Curled Up With a Good Book "Almost as if you're sitting across from them at the bar as they reminisce about the past...this book was the most fun I've had reading a book all year. Go get it!" --Erlenmeyer's Mind Praise for Primus: "They were real musicians' musicians...Primus had their own thing, for sure. Nobody really does that Primus thing--they have their own personality, which is something difficult to do." --Chad Smith, Red Hot Chili Peppers "Primitive, animated, dinosaur, Halloween, trailerfunk. I felt Les was a kindred spirit. Someone I could learn from and collaborate with. Quick, schooled, humble, with an amazing musical lexicon and down home as hell, with a bent sense of humor." --Tom Waits Usually when the "alternative rock revolution" of the early 1990s is discussed, Nirvana's Nevermind is credited as the recording that led the charge. Yet there were several earlier albums that helped pave the way, including the Pixies' Doolittle, the Red Hot Chili Peppers' Mother's Milk, Jane's Addiction's Nothing's Shocking, and especially Primus's 1991 album Sailing the Seas of Cheese. This fascinating and beautifully curated oral history tells the tale of this truly one-of-a-kind band. Compiled from nearly fifty all-new interviews conducted by journalist/author Greg Prato--including Primus members past and present and many more fellow musicians--this book is sure to appeal to longtime fans of the band, as well as admirers of the musicians interviewed for the book. Interviewees include: Tim Alexander, Trey Anastasio (Phish), Matthew Bellamy (Muse), Les Claypool, Stewart Copeland (The Police), Chuck D (Public Enemy), Kirk Hammett (Metallica), Larry LaLonde, Geddy Lee (Rush), Mickey Melchiondo (Ween), Tom Morello (Rage Against the Machine), Chad Smith (Red Hot Chili Peppers), Matt Stone (South Park), Tom Waits, and many more.

Ever wonder why you find some tasks exhausting and others energizing? Or why you procrastinate certain activities - or would if you thought you could get away with it? Or why your brain learns some skills easily and struggles with others? Or why you are singing from the same song sheet with some individuals and always out of tune with others? Or if the prevailing wisdom that your brain really does differ from all of the previous or current brains is not a myth? Brain-function research is shedding light on these conundrums. The emerging information can help you purposefully use your brain to enhance success, make choices about work or career that match better with your own uniqueness, effectively manage your brain's energy for brain longevity, and enhance your understanding of yourself and others. And all with delight and by design!
