The Cambridge Grammar of English is a major reference grammar from the world's leading grammar publisher.

Cambridge Grammar of English: A Comprehensive Guide ...

Innovations and Challenges in Grammar traces the history of common understandings of what grammar is and where it came from to demonstrate how 'rules' are anything but fixed and immutable. In doing so, it deconstructs the notion of 'correctness' to show how grammar changes over time thereby exposing the social and historical forces that mould and change usage. The questions that this ...

Essential grammar reference and practice for anyone using English in a business context. Grammar for Business is a must-have for intermediate business students and anyone using English in the workplace. It provides clear explanations and authentic practice of the most essential language used in business English. Designed to help you improve your communication skills in real business situations, it includes a unique focus on spoken as well as written grammar, and practical tips on areas such as organising presentations, negotiating and giving your opinion. Ideal for classroom use and self study.

English Grammar: The Basics offers a clear, non-jargonistic introduction to English grammar and its place in society. Rather than taking a prescriptive approach, this book helps the reader become aware of the social implications of choices they make to use standard or non-standard (regional/dialect) forms. Readers will consider: • what grammar is and how it fits into the structure of language; • how grammar functions in the school curriculum, the press, broadcasting and social media, as well as how these outlets reflect and reinforce our attitudes towards grammar; • differences between speech and writing, as well as between formality and informality; • major different approaches to theorising and describing grammar from important grammarians, including Noam Chomsky and Michael Halliday. Featuring a glossary of key terms and practical tips and insights from the author's 50+ years of language teaching experience around the world, this book is for anyone who has ever found themselves questioning the 'rules' of the English language.

A major grammar reference book of modern English, specially written for intermediate learners of English. English Grammar Today is an indispensable reference guide to contemporary English grammar and usage. With extensive corpus research at its core, it provides over 500 entries organised into an easy-to-use A-Z structure. Authentic examples of written and spoken English place the grammar in context and the clear explanations make it ideal for intermediate learners of English at CEF levels B1-B2, including those preparing for IELTS or Cambridge English exams such as Preliminary and First. The book comes with a free CD-ROM that provides the book content and nearly 200 additional entries, plus audio recordings of all the examples and dialogues.

A practical, insightful exploration of natural spoken English based on 20 varied authentic extracts. Exploring Spoken English is a practical guide to the features of natural spoken English, designed for teachers and advanced learners of English for use in groups and for self-study. The material consists of 20 varied extracts of authentic spoken English drawn from the Cambridge University Press and University of Nottingham corpus of spoken English. Each unit contains an activity for the reader and a line-by-line commentary offering new insights into grammar, vocabulary and discourse patterns in the text. Audio CDs to accompany this book, available to purchase separately, contain all the extracts, some re-recorded for the purposes of clarity.

This book summarises and makes accessible recent work in corpus research, focusing on spoken data and on the place of lexis in grammar and discourse.

Vocabulary tests to accompany the popular English Vocabulary in Use Elementary second edition. Test Your English Vocabulary in Use Elementary 2nd edition can be used on its own or with the companion volume English Vocabulary in Use Elementary 2nd edition. It is a handy book of tests covering the vocabulary practised in English Vocabulary in Use Elementary 2nd edition.

This is a new self-study reference and practice book for advanced learners of English who need vocabulary for business and professional purposes. It has been carefully researched using the Cambridge International Corpus to ensure that the 2,000 new words and expressions represent the English that native speakers actually use. The book consists of 50 units and follows the highly successful format of the English Vocabulary in Use range with presentation material on the left-hand page and practice exercises on the right-hand page. It covers a wide variety of up-to-date business topics and concepts including: people and organisations; quality; strategy; marketing; IT and the Internet; ethics and globalisation.

Improve your understanding of phrasal verbs in English. Explanations and practice of approximately 1,000 phrasal verbs, written for advanced-level (C1 to C2) learners of English Perfect for both self-study and classroom activities. Learn phrasal verbs in context, with lots of different topics, including 'Lectures and seminars', 'Agreeing' and 'Social life'. Be confident about what you are learning, thanks to Cambridge research into how English is really spoken and written, and get better at studying by yourself, with study tips, follow-up tasks and an easy to use answer key.

Collocations are combinations of words which frequently appear together. Using them makes your English sound more natural. Presents and explains approximately 1,500 word combinations in typical contexts using tables, charts, short texts and dialogues.
