Medicine ...

We are very pleased and proud to bring you this fourth edition of what proved to be in earlier editions a best-selling title in its content area of epidemiology, biostatistics, and preventive medicine. We are, as well, a bit nervous about our efforts to honor that pedigree because this is the first edition not directly overseen by Dr. James Jekel, who set this whole enterprise in motion almost ...

chronic disease and disease prevention technology. This text also serves as an outstanding resource for preparing for the USMLE, and the American Board of Preventive Medicine recommends it as a top review source for its core specialty examination.

This text focuses on the specific knowledge in this field needed by medical students for their course work and for the USMLE Step I exam. It includes 10-12 questions in each chapter using the same format as the USMLE Step I exam, followed by explanations of the answers. With a clinical focus and real-life medical examples, this exam guide includes chapters on: the US public health system, health promotion and
