Illustrations: 300+ drawings Pages: 222 pages Published: 2017 Format: softcover Category: Inboards, Gas & Diesel

Identifies and describes specific government assistance opportunities such as loans, grants, counseling, and procurement contracts available under many agencies and programs.

Tony has it all: a rich, hot boyfriend, a McMansion in the 'burbs and unlimited sex in an expectation-free zone. Then Jack begins making excuses for frequent disappearances. Realizing he has more than his libido riding on this relationship, Tony figures it's time to find out what's going on. Jack Noble has spent his life hiding his real self behind a carefully created image. With Tony, he finally knows real freedom, real happiness. Now a past of buried secrets and lies is closing in, and no matter how hard he tries to stop it, the truth is tearing through. Once Tony learns what kind of man Jack really is, he won't stay. Jack's sure of it. Suddenly the past shows up in a completely unexpected way, testing the boundaries of their old, coasting-along-on-fun relationship. Tony indeed finds that Jack isn't the man he went looking for, but it's too late. There's too much at stake to just walk away. First, though, he has to make sure there are no lies left for Jack to hide behind.

A classic from “ the dean of true crime ” (The Washington Post)—now with a new foreword—this 1983 masterpiece tells the incredible story of a Spokane, Washington serial rapist who was exposed as the handsome, privileged son of one of the city ’ s most elite families. For more than two years, a rapist prowled the night streets of the homey, All-American city of Spokane, Washington, terrorizing women, sparking a run on gun stores, and finally causing one newspaper to offer a reward—the calls taken by the distinguished managing editor himself, Gordon Coe. In March 1981, luck and inspired police work at last produced an arrest, and Spokane shuddered. The suspect was clean cut and conservative...and Gordon Coe ’ s son. For eighteen months, Jack Olsen researched the cases of Fred and Ruth Coe to try to learn not only what happened within that family, but how and why. He interviewed more than 150 people and built up a portrait not only of that extraordinary family, but of the mind of a psychopath. And searching the memories of the women in Fred Coe ’ s life, he unearthed

a most horrifying question: What is it like to love and live with a man for years—and then discover he is a psychopathic criminal? In this “ gruesomely spellbinding ” (Glamour) examination of the mind of a psychopath and of the women—and men—who were his victims, Olsen delivers “ a harrowing portrait...It has become fashionable with books about vicious crimes to compare them to Truman Capote ’ s In Cold Blood. Finally there is a book that deserves the comparison ” (Richmond Times-Dispatch).

Little Artie Shawcross bullied classmates, insulted teachers, started fires, tortured animals, and roved the woods of New York's hardscrabble North Country with imaginary friends, talking in a high squawk. He also scored top grades, excelled in sports and shared his money and toys with the children who ridiculed him. From the second grade on, he was subjected to psychiatric examination, regularly confounding the experts. Years later, while serving in Vietnam, Arthur John Shawcross wrote bloodcurdling letters about his battlefield ordeals, then returned to Watertown to commit a string of arsons and burglaries. He served two years in prison, was paroled to his respectable parents - and murdered a boy and a girl. Back in the penitentiary, he proved as enigmatic as ever. Some counselors saw him as a Frankenstein monster, beyond hope, irredeemable. To others he was a troubled young man who could be saved. No two psychiatrists seemed to agree. Shawcross served fifteen years, then conned a parole board into an early release. He settled in Binghamton, but angry citizens learned of his bloody history and ran him out of town. After two smaller communities turned him away, desperate parole authorities finally smuggled the child-killer into Rochester in the dead of night - neglecting to alert the local police. Soon the corpses started turning up, locked in winter ice, covered by reeds in swamps, floating in streams. The homicidal pedophile had changed his M.O., this time murdering diminutive women. As the body count grew, Rochester streets swarmed with police, and still the serial killer managed to snare his tenth victim, then his eleventh. Amazon.com Accounts of more famous serial killers like Ted Bundy or Jeffrey Dahmer may have ghoulish entertainment value, but I agree with writer Darcy O'Brien that this meticulously factual study of child sex-murderer Arthur Shawcross "comes closer to capturing the psychology of a serial killer than anything else I've ever read." The strength of this book (semi-finalist for a 1994 Edgar Award) comes first from the quality of the materials--including first-person interviews with the killer's wives, girlfriends, co-workers, police officers, therapists, and even a prostitute who "played dead" for Shawcross--and second, from Olsen's ability to weave the information into a highly readable story that reveals, above all, the ineffectiveness of our system of rehabilitation and parole. From Publishers Weekly An experienced and skilled writer, Olsen (Predator) proves himself equal to the formidable task of studying serial killer Arthur Shawcross. Born in 1945 in upstate New York, Shawcross was perceived as different even in childhood (his classmates dubbed him "Oddie," and elementary school officials called for mental health evaluations). In the early '70s he murdered two children and was sentenced to up to 25 years in prison; he served less than 15 years before he was paroled in 1987. He was difficult to place--townspeople drove him out as soon as his past became known. After three such episodes, parole officials sent him surreptitiously to Rochester, N.Y., where he killed at least 11 prostitutes. He was arrested in 1990 and eventually sentenced to 250 years in prison. During the trial, he claimed that he had been physically and sexually abused by his mother (untrue, the authorities concluded) and that he had committed horrible atrocities in Vietnam (probably untrue). He did not fit the classic pattern of the sociopath, nor did he seem either schizophrenic or paranoid. It remained for psychiatrist Richard Kraus to hypothesize that physiology was the basis for Shawcross's behavior--he diagnosed

Shawcross as suffering from a metabolic ailment known as pyroluria and an abnormal genetic constitution. Told by Olsen with contributions from others affected by Shawcross's crimes, the story is a triumph of true-crime writing.

Get the latest boatbuilding tips from this updated classic Since its first publication in 1970, Boatbuilding Manual has become the standard reference in boatbuilding and boat design schools, in the offices of professional builders, and in the basement workshops of home builders. No other boatbuilding text has simultaneously served the disparate needs of professional and amateur audiences so successfully. Carl Cramer, the publisher of WoodenBoat and Professional Boatbuilder magazines, has fully updated this fifth edition with the latest in boatbuilding techniques and developments. Includes: The latest wood-epoxy construction methods that make amateur building more successful than ever before Recommendations on products and materials, saving you time and money substantial time and expense Topics include: Plans, Tools, Woods, Fiberglass and Other Hull Materials, Fastenings, Lines and Laying Down, Molds, Templates, and the Backbone, Setting Up, Framing, Planking, Deck Framing, Decking, Deck Joinerwork, Interior Joinerwork, Finishing, Sailboat Miscellany, Steering, Tanks, Plumbing, etc, Mechanical and Electrical, Potpourri, Safety
