Some secrets are dangerous. This Secret is deadly. For Secret McQueen, her life feels like the punch line for a terrible joke. Abandoned at birth by her werewolf mother, hired as a teen by the vampire council of New York City to kill rogues, Secret is a part of both worlds, but belongs to neither. At twenty-two, she has carved out as close to a normal life as a bounty hunter can. When an enemy from her past returns

with her death on his mind, she is forced to call on every ounce of her mixed heritage to save herself-and everyone else in the city she calls home. As if the fate of the world wasn't enough to deal with, there's Lucas Rain, King of the East Coast werewolves, who seems to believe he and Secret are fated to be together. Too bad Secret also feels a connection with Desmond, Lucas's second-in-command... Warning: This book contains a sarcastic, kick-ass bounty hunter; a metaphysical love triangle with two sexy werewolves; a demanding vampire council; and a spicy seasoning of sex and violence.

Something old, something blue, something deadly—what else is new? Secret McQueen, Book 4 It's a nice day for a white wedding. At least that's what Secret McQueen is hoping for, with her poofy-princess-dress marriage to a werewolf king looming closer and closer by the day. But as ever, nothing can be that easy for a vampire/werewolf hybrid for whom someone still harbors a death wish. Summoned to the south by her werewolf uncle, who makes no bones about the fact her mate bond with Lucas doesn't pass muster, Secret learns her furry heritage looks more like a tangled vine than a family tree. Getting her royal uncle's blessing hinges on finding one of the missing twigs. Even with vampire sentry Holden Chancery at her side, she manages to land up to her neck in a swamp of trouble. As an assassin's scope zeroes in, family dramas boil up and a fast-collapsing love square threatens to bury her alive, making it to the church on time could be the least of Secret's problems. Warning: Contains a grumpy bride who shouldn't be wearing wedding white, a motley crew of bridesmaids, a dangerous scenic drive in the woods and a smoking-hot trio of suitors who might be too scorching to touch.

head athletic trainer for the San Francisco Felons baseball team. Screwing up is not an option. She's lost in thought as she pedals to the spring training facility, her mind abuzz with excitement as she rounds a corner-and plows head-on into two runners. The end of her career dances before her eyes when she realizes she's almost run over the star pitcher. As Tucker Lloyd watches the flustered Emmy escape with his bandana tied around her skinned knee, the view is a pleasant change from worrying about his flagging fastball. At thirty-six, the tail end of his career is glimmering on the horizon. If he can't pull something extraordinary out of his ball cap, the new crop of rookies could make this season his last. The last thing either of them needs is a distraction. The last thing either of them expects is love.

I've lived in nine towns in the past six years. I know my mom feels bad about it, but I don't mind. Who wants friends anyway? All I've ever needed are my books. I've lived a thousand lives, had adventures I couldn't even begin to imagine. To me, the places I discovered between the pages of a book are as real as the world I live in. When I walk into my favorite bookstore, the last thing I expect is to walk out onto the pages of the kingdom of Mithres...or that the book boyfriend I've loved more than life, Kane the Traveler, really exists. And he has no clue the fate that awaits him in book five... Now that I know the truth, I have a chance to save Kane. But if I change the story, will I ever find my way home?

Erica Garza has written a riveting, can't-look-away memoir of a life lived hardcore. In an era when predatory male sexual behavior has finally become a topic of urgent national discourse, Getting Off makes for a wild, timely read (Elle). A fixation on porn and orgasm, strings of failed relationships and serial hook-ups with strangers, inevitable blackouts to blunt the shame—these are not things we often hear women share publicly, and not with the candor, eloquence, and introspection Erica Garza brings to

Getting Off. What sets this courageous and riveting account apart from your typical misery memoir is the absence of any precipitating trauma beyond the garden variety of hurt we've all had to endure in simply becoming a person—reckoning with family, learning to be social, integrating what it means to be sexual. Whatever tenor of violence or abuse Erica's life took on through her behavior was of her own making, fueled by fear, guilt, self-loathing, self-pity, loneliness, and the hopelessness those feelings brought on as she runs from one side of the world to the other in an effort to break her habits—from East Los Angeles to Hawaii and Southeast Asia, through the brothels of Bangkok and the yoga studios of Bali to disappointing stabs at therapy and twelve-steps back home. In these remarkable pages, Garza draws an evocative, studied portrait of the anxiety that fuels her obsessions, as well as the exhilaration and hope she begins to feel when she suspects she might be free of them. Getting Off offers a brave and necessary voice to our evolving conversations about addiction and the impact that internet culture has had on us all—a profoundly genuine, gripping story that any reader can appreciate (Vice). "In reading Garza's insight into her own experiences, we better understand ourselves" (The New York Times Book Review).

They called themselves "the lucky ones" They were seven children either orphaned or abandoned by their parents and chosen by legendary philanthropist and brain surgeon Dr. Vincent Capello to live in The Dragon, his almost magical beach house on the Oregon Coast. out what really happened that fateful night -- was it an accident or, as she's always suspected, did one of her beloved family members try to kill her? But digging into the past can reveal horrific truths, and when Allison pieces together the story of her life, she'll learn the terrible secret at the heart of the family she once loved but never really knew.

No one is safe. Secret McQueen thought she'd seen it all, but that was before she, Desmond and Holden came home to find New York City burning and the streets overwhelmed with the walking dead. Now, in a race against time, she must find out who is responsible for unleashing hell on Earth. For that, she's going to need a whole new team of vampire wardens to help round up the perpetrators, who turn out to be a gang that makes Sons of Anarchy look like toddlers on tricycles. Her quest across the city brings old friends and enemies out of the woodwork and reminds Secret once and for all why mercy and forgiveness are not always prudent. Lives will be lost, sacrifices will be made, and when the dust settles, nothing will ever be the same again. With no time to mourn her losses, the only question remaining is if Secret can survive long enough to stop the apocalypse...or if this is the one challenge that will finally drown her in rivers of undead blood. Warning: The final book in the Secret McQueen series has it all: hot kisses, unexpected guests, and enough tear-jerking moments to require a whole box of tissues. You've been warned.

In *The Corporation, Law and Capitalism*, Baars offers a radical Marxist perspective on law, tracing the corporation from colonial times to the present multinational. "Corporate accountability" is shown to be a red herring in the struggle for another world.
