School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child ' s social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. Overcoming School Refusal helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include:

The writer of Hebrews knew the Real Jesus. He wanted to make sure the reader know the facts about Jesus. He said: Jesus is the Son of God: The Jewish reader would need to know this first and be willing to accept this or none of the others would make sense. Jesus is how God created the universe: It is as if the write has read John 1.1 and 1 John 1.1 where the apostle speaks of all creation happening through Jesus. Jesus is the very character of God: If you want to know God the father all you really need to know is His son Jesus. Jesus sustains everything by his mighty power: Not only is he the creator, he is also the one who keeps everything running. God did not create and then step back. He is actively involved in what is happening. Jesus is the one who cleanses sins: After stating his relationship with God the writer wants all who read his book to know Jesus is the answer to humanity's sin problem. Jesus is now setting at God's right hand: He is the resurrected Lord who has the position and power to back up and enforce all that has been promised, both positive and negative. The Real Jesus is the resurrected Lord. He is the one we serve and the one who directs our lives. This is the Real Jesus these studies work to introduce you to. Bob Highlands III

The best-selling Honda ever, the long-running Honda Mini Trail, was available in a huge range of models, even within each model year. The Honda Mini Trail Enthusiast's Guide covers all Honda Mini Trails and Z50 bikes produced between 1968 and 1999. Author Jeremy Polson begins with a brief introduction of the models that led up to the Mini Trail, and then jumps into a thorough analysis of the many models and iterations that Honda has offered through the years. Despite the worldwide popularity of Honda's best-selling model, no other Mini Trail book had been published, and the accuracy of information found on the Internet is suspect at best. For Z50 collectors and enthusiasts, this book presents facts and figures found nowhere else. In addition to the hard facts regarding each model of each year, this book is filled with many rare photos that track the evolution of the Mini Trail, and unravel its mystery.

Welcome to the Seventh Terrace of Dante's tower of Purgatory. Here, in darkness lit only by a wall of flame, we find souls enslaved by the sin of lust. Lust is a great and terrible thing, and this collection of dark tales follows a mere handful of the many paths leading to the wall of fire.

In *Bold School*, teachers are put back into the blended learning equation. Blended learning is demystified and distilled into the powerful, yet simple *Bold School Framework for Strategic Blended Learning*(TM)--a methodology to help you meld purposeful technology use with your old school wisdom to enhance instruction and learning. After all, the goal of blended learning isn't technology--it's student achievement. With a *Bold School* mindset, every teacher is capable of finally delivering on the promise of blended learning.
