This book is the 3rd Fascicle in the series of Retina Collector's Guides from Dr. David L. Jentz. It covers Kodak Retina and Retinette cameras manufactured from 1945 to 1954. There are 84 pages with over 250 images which include detailed photos of production changes, camera manual covers, original camera boxes and special features. Many features of this book have never been published previously. This is a must for the Retina collector as it contains the classic Kodak Retina Iia Type 016.

Over 220,000 entries representing some 56,000 Library of Congress subject headings. Covers all disciplines of science and technology, e.g., engineering, agriculture, and domestic arts. Also contains at least 5000 titles published before 1876. Has many applications in libraries, information centers, and other organizations concerned with scientific and technological literature. Subject index contains main listing of entries. Each entry gives cataloging as prepared by the Library of Congress. Author/title indexes.
