Flannery O'Connor and Robert Lowell (Ann Packer). In the summer of 1957, two writers are immersed in their craft at an artist's colony nestled in upstate New York when chance brings them together. Frances, a country northerner, as

discover a kindred spirit beneath the obvious differences between them.

But, as they become inexorably entwined in each other's lives, they struggle with the dependence of their romance and the conflict it causes with their own dreams.
