Sunday Morning has a jazz-pop sound, great rhythms and great harmony. This song also show cases Adam Levine's voice with the lead vocals. I already liked some of Maroon 5's videos and singles. The single Sunday Morning shows this group can be versatile with their choice of music.

Couple of different versions out there. Just a little tweak to the one I liked best...

Changed the A to an Amaj7 for a little more character, and I think it's closer to the actual song. Been playing everyone else's tabs for years. Happy to finally contribute my first post.
