China is one of the earliest places where mankind originated. Early in the 21st Century BC, China entered the heritable imperial stage. Having experienced Xia, Shang, Zhou, Qin, Han, Tang, Song, Yuan, Ming and Qing Dynasties and many other turbulent times, the country finally ended the feudal society and the People's Republic of China was set up in 1949.

The United States Constitution promised a More Perfect Union. It's a shame no one bothered

Access Free Me The People One Mans Selfless Quest To Rewrite Consution Of United States America Kevin Bleyer

to write a more perfect Constitution—one that didn't trigger more than two centuries of arguments about what the darn thing actually says. Until now. Perfection is at hand. A new, improved Constitution is here. And you are holding it. But first, some historical context: In the eighteenth century, a lawyer named James Madison gathered his friends in Philadelphia and, over four long months, wrote four short pages: the Constitution of the United States of America. Not bad. In the nineteenth century, a president named Abraham Lincoln freed an entire people from the flaws in that Constitution by signing the Emancipation Proclamation. Pretty impressive. And in the twentieth century, a doctor at the Bethesda Naval Hospital delivered a baby—but not just any baby. Because in the twenty-first century, that baby would become a man, that man would become a patriot, and that patriot would rescue a country . . . by single-handedly rewriting that Constitution. Why? We think of our Constitution as the painstakingly designed blueprint drawn up by, in Thomas Jefferson's words, an "assembly of demigods" who laid the foundation for the sturdiest republic ever created. The truth is, it was no blueprint at all but an Etch A Sketch, a haphazard series of blunders, shaken clean and redrawn countless times during a summer of petty debates, drunken ramblings, and desperate compromise—as much the product of an "assembly of demigods" as a confederacy of dunces. No wonder George Washington wished it "had been made more perfect." No wonder Benjamin Franklin stomached it only "with all its faults." The Constitution they wrote is a hot mess. For starters, it doesn't mention slavery, or democracy, or even Facebook; it plays favorites among the states; it has typos, smudges, and misspellings; and its Preamble, its most famous passage, was written by a man with a peg leg. Which, if you think about it, gives our Constitution hardly a leg to stand on. [Pause for laughter.] Now stop laughing. Because you

Access Free Me The People One Mans Selfless Quest To Rewrite Consution Of United States America Kevin Bleyer

hold in your hands no mere book, but the most important document of our time. Its creator, Daily Show writer Kevin Bleyer, paid every price, bore every burden, and saved every receipt in his quest to assure the salvation of our nation's founding charter. He flew to Greece, the birthplace of democracy. He bused to Philly, the home of independence. He went toe-to-toe (face-to-face) with Scalia. He added nightly confabs with James Madison to his daily consultations with Jon Stewart. He tracked down not one but two John Hancocks—to make his version twice as official. He even read the Constitution of the United States. So prepare yourselves, fellow patriots, for the most significant literary event of the twenty-first, twentieth, nineteenth, and latter part of the eighteenth centuries. Me the People won't just form a More Perfect Union. It will save America. Praise for Me the People "I would rather read a constitution written by Kevin Bleyer than by the sharpest minds in the country."—Jon Stewart "Bleyer takes a red pencil to democracy's most hallowed laundry list. . . . Uproarious and fascinating."—Reader's Digest "I knew James Madison. James Madison was a friend of mine. Mr. Bleyer, you are no James Madison. But you sure are a heck of a lot more fun."—Pulitzer Prize-winning historian Doris Kearns Goodwin, author of the #1 New York Times bestseller *Team of Rivals*

Presents an offbeat revision of the U.S. Constitution that reflects twenty-first century realities and addresses unresolved questions while describing the author's research into ancient Greece's early practices of democracy.

In his provocative and compelling new book, America's most widely read and most influential

Access Free Me The People One Mans Selfless Quest To Rewrite Consution Of United States America Kevin Bleyer

commentator casts his gimlet eye on our singular nation. Moving far beyond the strict confines of politics, George F. Will offers a fascinating look at the people, stories, and events—often unheralded—that make the American drama so endlessly entertaining and instructive. With Will's signature erudition and wry wit always on display, *One Man's America* chronicles a spectacular, eclectic procession of figures who have shaped our cultural landscape—from Playboy founder Hugh Hefner to National Review founder William F. Buckley Jr., from Victorian poet Henry Wadsworth Longfellow to Beat poet Lawrence Ferlinghetti, from cotton picker—turned—country singer Buck Owens to actor-turned-president Ronald Reagan. Will crisscrosses the country to illuminate what it is that makes America distinctive. He visits the USS Arizona memorial in Pearl Harbor and ponders its enduring links to the present. He travels to Milwaukee to celebrate the hundredth anniversary of an iconic brand, Harley-Davidson. In Los Angeles he finds the inspiring future of education, while in New York he confronts the dispiriting didacticism of the avant-garde. He ventures to the Civil War battlefields of Virginia to explore what we risk when we efface our own history. And on the outskirts of Chicago he investigates one of the darkest chapters in American history, only to discover a shining example of resilience and grace—the best the country has to offer. Will's wide lens takes in much more as well—everything from the “most emblematic novel of the 1930s” (and no, it is not about the Joads) to the cult of ESPN to Brooks Brothers and Ben & Jerry's. And of course, *One Man's America* would not be complete without the author's insights on the national pastime, baseball—the icons and the cheats, the hapless and the greats. Finally, in a personal and reflective turn, Will writes movingly of his thirty-five-year-old son Jon, born with Down syndrome, and pays loving and poignant tribute to his mother, who died at the age of ninety-

Access Free Me The People One Mans Selfless Quest To Rewrite Consution Of United States America Kevin Bleyer

eight after a long struggle with dementia. The essays in *One Man's America*, even when critiquing American culture, reflect Will's deep affection and regard for our nation. After all, he notes, when America falls short, it does so only as compared to "the uniquely high standards it has set for itself." In the end, this brilliantly informative and entertaining book reminds us of the enduring value of "the simple virtues and decencies that can make communities flourish and that have made America great and exemplary."

Mark Knudsen is an adventurer who built an eighteen-foot flat-bottom johnboat and motored down the Mississippi River from Minnesota to the Gulf of Mexico and lived the dream of many people.

One of our most visceral and important memoirs on race in America, this is the story of Nathan McCall, who began life as a smart kid in a close, protective family in a black working-class neighborhood. Yet by the age of fifteen, McCall was packing a gun and embarking on a criminal career that five years later would land him in prison for armed robbery. In these pages, McCall chronicles his passage from the street to the prison yard—and, later, to the newsrooms of *The Washington Post* and ultimately to the faculty of Emory University. His story is at once devastating and inspiring, at once an indictment and an elegy. *Makes Me Wanna Holler* became an instant classic when it was first published in 1994 and it continues to bear witness to the great troubles—and the great hopes—of our nation. With a new afterword by the author

Access Free Me The People One Mans Selfless Quest To Rewrite Consution Of United States America Kevin Bleyer

Kansas City Royals' broadcaster Ryan Lefebvre seems to have it all - a dream sports job of announcing Major League Baseball, a huge house on a lake, plenty of expensive toys, good looks, and the admiration of friends and fans. But depression is seldom deterred by such superficial trappings. And depression's grip on Ryan was so strong and so unyielding that he nearly ended his life. In one moment, he's a glib play-by-play announcer ; the next, he's a tormented soul on the floor of his closet. And that's just the beginning of *The shame of me*, the spell - binding story of Ryan's descent into the darkness of depression, his courageous struggle to recover, and his new perspectives on living a balanced and healthy life. Told with intimacy and immediacy, Ryan's story is a must - read for anyone who has ever struggled with inner doubts. It is especially powerful for men who may be feeling lost, but are too embarrassed to confront their problems. Ryan, the son of former Major League player and manager Jim Lefebvre, and co - author Jefferey Flanagan take us through living hell before Ryan's recovery and redemption give us hope for anyone who suffers from the debilitating disease Major Depressive Disorder. -- From Amazon.com.

When she finally finds Mr. Right in Weston Parker, Katrice must look past all of the drama that comes with their relationship in order to learn what real love is. Original.

33,000 pages 44 million words 10 billion years of history 1 obsessed man Part memoir and part education (or lack thereof), *The Know-It-All* chronicles NPR contributor A.J. Jacobs's hilarious, enlightening, and seemingly impossible quest to read the *Encyclopaedia Britannica*

Access Free Me The People One Mans Selfless Quest To Rewrite Consution Of United States America Kevin Bleyer

from A to Z. To fill the ever-widening gaps in his Ivy League education, A.J. Jacobs sets for himself the daunting task of reading all thirty-two volumes of the Encyclopaedia Britannica. His wife, Julie, tells him it's a waste of time, his friends believe he is losing his mind, and his father, a brilliant attorney who had once attempted the same feat and quit somewhere around Borneo, is encouraging but, shall we say, unconvinced. With self-deprecating wit and a disarming frankness, *The Know-It-All* recounts the unexpected and comically disruptive effects Operation Encyclopedia has on every part of Jacobs's life -- from his newly minted marriage to his complicated relationship with his father and the rest of his charmingly eccentric New York family to his day job as an editor at *Esquire*. Jacobs's project tests the outer limits of his stamina and forces him to explore the real meaning of intelligence as he endeavors to join Mensa, win a spot on *Jeopardy!*, and absorb 33,000 pages of learning. On his journey he stumbles upon some of the strangest, funniest, and most profound facts about every topic under the sun, all while battling fatigue, ridicule, and the paralyzing fear that attends his first real-life responsibility -- the impending birth of his first child. *The Know-It-All* is an ingenious, mightily entertaining memoir of one man's intellect, neuroses, and obsessions and a soul-searching, ultimately touching struggle between the all-consuming quest for factual knowledge and the undeniable gift of hard-won wisdom.

Life in the Academic Fast Lane Martin Quint, Professor of Electrical Engineering at the Cambridge Technology Institute, is at the top of his professional career.
