specific needs of Indian students and managers are addressed by providing valuable insights into operations management issues and practices across various sectors in India. Students are encouraged to apply their learning to real-life challenges through a multitude of problems in the text and integrated case studies on video.

Many people are confused about where to start a business. A strong desire to start a business is accompanied by confusion about where to start. If you experience something like this, you should sit down for a moment. Clear your mind, Calm down, take a deep breath, and exhale. No need to go far ahead and start everything off perfectly. Understand we're just getting started. Understand all the required processes. Can dream as high as you want. However, don't forget to come back to reality. Understand the reality of the moment.
