Children, on average, start playing at 7.6 years of age but of the 16% who have stopped playing, they have done so by the age of 11.1 years. By the age of 16 to 17, almost a quarter of young people have never had an instrumental lesson but 97% have played an instrument. Music has increasing significance as young people develop but non-formal routes appear to be as important to them as formal ones.
