by experts worldwide as one of the fastest and most effective ways to learn to speak another language. With Pimsleur you will learn Spanish in the same way you learned your first language as a child, acquiring the vocabulary of the new language, along with the melody, rhythm, and intonation of Spanish as used in everyday conversation. The Science of Memory Dr. Paul Pimsleur's research on memory was one of his most significant achievements: he discovered that if reminded of new words and information at gradually increasing intervals of time, the

learners would remember the words or information for increasingly longer periods. Dr. Pimsleur documented that the acquisitions would actually move from short-term into long-term, or permanent, memory. The Reading Program Pimsleur Language Programs use the same revolutionary learning Method to teach you to read, as well as to speak. You will start by sounding out Spanish, learning to associate the new sound system to the English alphabet you know. Gradually you will learn to look at the words and see them with "Spanish eyes." And you will learn to read Spanish
