## Factors influencing quality of experience

In December 2014, the New York State Department of Health was awarded a \$99.9 million Round Two Model Test Award State Innovation Models (SIM) grant by the Centers for Medicare and Medicaid Innovation (CMMI) to implement the State Health Innovation Plan (hereafter "the Plan"). New York developed the Plan and the SIM grant application with the support of numerous stakeholders.

A quality control program helps to ensure your small business is delivering a consistent product, service and customer experience. Developing quality control processes allows your business to operate without you, making it easier to expand into new locations, delegate duties and even sell your business when the time comes.
