universal, and its effect on landscapes, cityscapes, cultures - indeed, the very fabric of the modern world - is profound. This highly illustrated survey of the effect of the motor car on global culture is the first book to explore the culture of the motor car in the widest possible sense, featuring specially commissioned essays by writers, critics, historians, artists and film-makers, as well as reprinting key texts. Includes over 400 stunning photographs, 150 in full colour.

This is one in a series of manuals for car or motorcycle owners. Each book provides information on routine maintenance and servicing, with tasks described and photographed in a step-by-step sequence so that even a novice can do the work.

Covering New York, American & regional stock exchanges & international companies.
