The Virtual and the Real in Planning and Urban Design: Perspectives, Practices and Applications explores the merging relationship between physical and virtual spaces in planning and urban design. Technological advances such as smart sensors, interactive screens, locative media and evolving computation software have impacted the ways in which people experience, explore, interact with and create these complex spaces. This book draws together a broad range of interdisciplinary researchers in areas such as architecture, urban design, spatial planning, geoinformation science, computer science and psychology to introduce the theories, models, opportunities and uncertainties involved in the interplay between virtual and physical spaces. Using a wide range of international contributors, from the UK, USA, Germany, France, Switzerland, Netherlands and Japan, it provides a framework for assessing how new technology alters our perception of physical space.

"Game of Thrones versus History: Written in Blood is a collection of thought-provoking essays

by medieval historians who explore how the enormously popular HBO series and fantasy literature of George R.R. Martin are both informed by and differ significantly from real historical figures, events, beliefs, and practices of the medieval world. From a variety of perspectives, the authors delve into Martin's plots, characterizations, and settings, offering insights into whether his creations are historical possibilities or pure flights of fantasy."--

Eight references in one-fully revised to include all the new features and updates to Windows 7 As the #1 operating system in the world, Windows provides the platform upon which all essential computing activities occur. For customers who purchase an ebook version of this title, instructions for downloading the CD files can be found in the ebook.

SEA EL SANTISIMO sets out to be an alternative, English language primer for the practice of Espiritismo and Mediumship Development. While there are many different types of spiritual religions in the modern world today, Espiritismo (Caribbean Spiritism) is a widely known spiritist practice of Caribbean cultures. This manual provides detailed information based on the principals that an Espiritista would live by, a 'how to' guide on performing Misa Espiritual, information on setting up and work a 'boveda' and how to do novenas to the saints and spirits. Also included are the celebrations for the Day of the Dead, songs for Misa Espiritual and prayers for La Madama, El Congo and many Saints.

you make better buying decisions and get more from technology.

Ever wonder what it's like to attend a feast at Winterfell? Wish you could split a lemon cake with Sansa Stark, scarf down a pork pie with the Night's Watch, or indulge in honeyfingers with Daenerys Targaryen? George R. R. Martin's bestselling saga *A Song of Ice and Fire* and the runaway hit HBO series *Game of Thrones* are renowned for bringing Westeros's sights and sounds to vivid life. But one important ingredient has always been missing: the mouthwatering dishes that form the backdrop of this extraordinary world. Now, fresh out of the series that redefined fantasy, comes the cookbook that may just redefine dinner . . . and lunch, and breakfast. A passion project from superfans and amateur chefs Chelsea Monroe-Cassel and Sariann Lehrer—and endorsed by George R. R. Martin himself—*A Feast of Ice and Fire* lovingly replicates a stunning range of cuisines from across the Seven Kingdoms and beyond. From the sumptuous delicacies enjoyed in the halls of power at King's Landing, to the warm and smoky comfort foods of the frozen North, to the rich, exotic fare of the mysterious lands east of Westeros, there's a flavor for every palate, and a treat for every chef. These easy-to-follow recipes have been refined for modern cooking techniques, but adventurous eaters can also attempt the authentic medieval meals that inspired them. The authors have also suggested substitutions for some of the more fantastical ingredients, so you won't have to stock your kitchen with camel, live doves, or dragon eggs to create meals fit for a king (or a khaleesi). In all, *A Feast of Ice and Fire* contains more than 100 recipes, divided by region: •
