The #1 bestselling new mystery series of the past decade comes roaring back with 3rd Degree, a shockingly suspenseful thriller featuring the Women's Murder Club. One of James Patterson's best loved heroines is about to die. Detective Lindsay Boxer is jogging along a beautiful San Francisco street when a fiery explosion rips through the neighborhood. A town house owned by an Internet millionaire is immediately engulfed in flames, and when Lindsay plunges inside to search for survivors, she finds three people dead. An infant who lived in the house cannot be found - and a mysterious message at the scene leaves Lindsay and the San Francisco Police Department completely baffled. Then a prominent businessman is found murdered under bizarre circumstances, with another mysterious message left behind by the killer. Lindsay asks her friends Claire Washburn of the medical examiner's office, Assistant D.A. Jill Bernhardt, and Chronicle reporter Cindy Thomas to help her figure out who is committing these murders-and why they are intent on killing someone every three days. Even more terrifying, the killer has targeted one of the four friends who call themselves the Women's Murder Club. Which one will it be? While the investigation rages furiously, Lindsay works very closely with a federal officer assigned to the case. At the same time, she learns that one member of the Women's Murder Club is hiding a secret so dangerous and unbelievable that it could destroy them all.

A young girl is killed in the crossfire after a routine arrest goes terribly wrong, and Lt. Lindsay Boxer has to defend herself against a charge of police brutality. In a landmark trial that transfixes the nation, Lindsay fights to save her career and her sanity. While awaiting trial, Lindsay escapes to the tranquility of the beautiful town of Half Moon Bay. But the peaceful community there is reeling from a string of unspeakable murders. Working with her friends in the Women's Murder Club, Lindsay finds a link between these killings and a case she worked on years before - an unsolved murder that has haunted her ever since. As summer comes into full swing, Lindsay battles for her life on two fronts: before a judge and jury as her trial comes to a climax and facing unknown adversaries who will do anything to keep her from the truth about the killings. It all comes to a head before the big annual 4th of July celebration on the waterfront at Half Moon Bay. "Patterson knows where our deepest fears are buried. There's no stopping his imagination." -New York Times Book Review "Patterson's skill at building suspense is enviable." -Kansas City Star "When it comes to constructing a harrowing plot, author James Patterson can turn a screw all right." -New York Daily News

But someone is leaking information to the press-details that only those on the inside could know. As allegations fly that Lindsay is the source, she has to wonder: how much she can trust her closest friends?
