As Tilt, Dominic, Sammi, and Perry ready themselves to ascend Everest, they must deal with altitude sickness, an unknown person's messages to the tabloids about their expedition, and a troubled rescue attempt.

A thrilling adventure trilogy from Gordon Korman that follows a group of young climbers to the top of Mt. Everest! The height of danger. Everest. The ultimate climb. The greatest of risks. Four kids are on a quest to reach the top-and none of them are among the four anyone expected to be there when Summit Athletic started the contest to bring the youngest team of climbers to the peak. Their ascent is not easy. The weather is harsh, and the competition is even harsher. Then the unexpected happens, and the climbing contest becomes a life-or-death rescue mission. With thinning air-and on thin ice-no one is guaranteed to survive.

As Tilt, Perry, Sammi, and Dominic prepare to ascend Mt. Everest, they must deal with low supplies, high altitude, dangerous terrain, government officials, sabotage, and an approaching storm.

Dominic, Chris, Perry, Tilt, Sammi, Bryn, and Cameron compete with each other to be selected as part of a team of teenage climbers with the goal of ascending Mount Everest.

As Tilt, Perry, Sammi, and Dominic prepare to ascend Mt. Everest, they must deal with low supplies, high altitude, dangerous terrain, government officials, sabotage, and an approaching storm.

A thrilling adventure trilogy from Gordon Korman that follows a group of young climbers to the top of Mt. Everest! The height of competition. Who will be the youngest person ever to climb Mount Everest? It's the ultimate test of endurance and skill. The mountain has claimed the lives of many climbers. Now Summit Athletic, the sports drink and energy bar company, is sponsoring a reality contest-twenty of the county's youngest climbers competing for four spots in a chance to climb Everest, the tallest mountain world. The competition is fierce, and the kids haven't even finished with boot camp in the Rockies. Some aren't ready for what they will face. And some will stop at nothing to get to the top.

National Bestseller A bank of clouds was assembling on the not-so-distant horizon, but journalist-mountaineer Jon Krakauer, standing on the summit of Mt. Everest, saw nothing that "suggested that a murderous storm was bearing down." He was wrong. The storm, which claimed five lives and left countless more--including Krakauer's--in guilt-ridden disarray, would also provide the impetus for Into Thin Air, Krakauer's epic account of the May 1996 disaster. By writing Into Thin Air, Krakauer may have hoped to exorcise some of his own demons and lay to rest some of the painful questions that still surround the event. He takes great pains to provide a balanced picture of the people and events he witnessed and gives due credit to the tireless and dedicated Sherpas. He also avoids blasting easy targets such as Sandy Pittman, the wealthy socialite who brought an espresso maker along on the expedition. Krakauer's highly personal inquiry into the catastrophe provides a great deal of insight into what went wrong. But for Krakauer himself, further interviews and investigations only lead him to the conclusion that his perceived failures were directly responsible for a fellow climber's death. Clearly, Krakauer remains haunted by the disaster, and although he relates a number of incidents in which he acted selflessly and even heroically, he seems unable to view those instances objectively. In the end, despite his evenhanded and even generous assessment of others' actions, he reserves a full measure of vitriol for himself. This updated edition of Into Thin Air includes an extensive new postscript that sheds fascinating light on the acrimonious debate that flared between Krakauer and Everest guide Anatoli Boukreev in the wake of the tragedy. "I have no doubt that Boukreev's intentions were good on summit day," writes Krakauer in the postscript, dated August 1999. "What disturbs me, though, was Boukreev's refusal to acknowledge the possibility that he made even a single poor decision. Never did he indicate that perhaps it wasn't the best choice to climb without gas or go down ahead of his clients." As usual, Krakauer supports his points with dogged research and a good dose of humility. But rather than continue the heated discourse that has raged since Into Thin Air's denouncement of guide Boukreev, Krakauer's tone is conciliatory; he points most of his criticism at G. Weston De Walt, who coauthored The Climb, Boukreev's version of events. And in a touching conclusion, Krakauer recounts his last conversation with the late Boukreev, in which the two weathered climbers agreed to disagree about certain points. Krakauer had great hopes to patch things up with Boukreev, but the Russian later died in an avalanche on another Himalayan peak, Annapurna I. In 1999, Krakauer received an Academy Award in Literature from the American Academy of Arts and Letters--a prestigious prize intended "to honor writers of exceptional accomplishment." According to the Academy's citation, "Krakauer combines the tenacity and courage of the finest tradition of investigative journalism with the stylish subtlety and profound insight of the born writer. His account of an ascent of Mount Everest has led to a general reevaluation of climbing and of the commercialization of what was once a romantic, solitary sport; while his account of the life and death of Christopher McCandless, who died of starvation after challenging the Alaskan wilderness, delves even more deeply and disturbingly into the fascination of nature and the devastating effects of its lure on a young and curious mind."

Finding their way to a deserted island after their ship sinks, Luke, Ian, JJ, Sharla, Will, and Lyssa struggle to survive and soon discover that they are not alone on the island. Original.

Follows a group of six kids stranded on a deserted island as they embark on a quest for survival that tests their limits.

Gordon Korman's uproarious, outrageous, and all-too-familiar summer camp adventure is BACK! Rudy Miller really isn't into the whole camping thing. So when his parents send him to Camp Algonkian "for his own good" all he wants to do is go home. Rudy teams up with his cabin-mate Mike for a series of carefully planned - yet hilariously bungled - escape attempts. Unfortunately, their counsellor (and nemesis) Chip is as determined to keep them there as they are to get away. Rudy and Mike spend their days plotting, playing chess, and working off punishments for their failed escapes. Hmmm, maybe it isn't such a bad way to spend the summer after all . . .
