In *The Law of the Garbage Truck*, David J. Pollay shows us that by refusing to let others dump their "garbage" (negativity, anger, resentment) on us and letting it "pass by" instead, we become happier and more successful, both personally and professionally. And when we stop dumping garbage on others, we improve our relationships, strengthen our businesses and bring our communities together. This remarkable book shows us how to use this Law and helps us to avoid getting dumped on by rude, thoughtless and angry people, stop reliving the negative and fearing the future and focus on what can be controlled, not the negative things that can't be. It will help increase productivity, respect and cooperation and allow readers to gain the courage to enjoy every day and make a difference. This first book introduces its main character and explores the topic of self-esteem. The little truck loves cleaning and doing a good job in his little community. He selects the little garbage truck and takes him back to his community, where they work happily ever after keeping the neighborhoods tidy and clean. Future titles will address other social skills (following directions, impulse control, managing behaviors and taking responsibility).
