Wes Anderson on Stefan Zweig: "I had never heard of Zweig...when I just more or less by chance bought a copy of *Beware of Pity*. I loved this first book. I also read the *The Post-Office Girl*. *The Grand Budapest Hotel* has elements that were sort of stolen from both these books. Two characters in our story are vaguely meant to represent Zweig himself — our “ Author ” character, played by Tom Wilkinson, and the theoretically fictionalised version of himself, played by Jude Law. But, in fact, M. Gustave, the main character who is played by Ralph Fiennes, is modelled significantly on Zweig

as well." 2009 PEN Translation Prize Finalist The logic of capitalism, boom and bust, is unremitting and unforgiving. But what happens to human feeling in a completely commodified world? In *The Post-Office Girl*, Stefan Zweig, a deep analyst of the human passions, lays bare the private life of capitalism. Christine toils in a provincial post office in post-World War I Austria, a country gripped by unemployment. Out of the blue, a telegram arrives from Christine's rich American aunt inviting her to a resort in the Swiss Alps. Christine is immediately swept up into a world of inconceivable wealth and unleashed desire. She feels herself utterly transformed: nothing is impossible. But then, abruptly, her aunt cuts her loose. Christine returns to the post office, where yes, nothing will ever be the same.

## Get Free The Post Office Stefan Zweig

Christine meets Ferdinand, a bitter war veteran and disappointed architect, who works construction jobs when he can get them. They are drawn to each other, even as they are crushed by a sense of deprivation, of anger and shame. Work, politics, love, sex: everything is impossible for them. Life is meaningless, unless, through one desperate and decisive act, they can secretly remake their world from within. Cinderella meets Bonnie and Clyde in Zweig ' s haunting and hard-as-nails novel, completed during the 1930s, as he was driven by the Nazis into exile, but left unpublished at the time of his death. The Post-Office Girl, available here for the first time in English, transforms our image of a modern master ' s achievement.

The Portuguese explorer Ferdinand Magellan (1480–1521) is one of the most famous navigators in history – he was the first man to sail from the Atlantic to the Pacific Ocean, and led the first voyage to circumnavigate the globe, although he was killed en route in a battle in the Philippines. In this biography, Zweig brings to life the Age of Discovery by telling the tale of one of the era 's most daring adventurers. In typically flowing and elegant prose he takes us on a fascinating journey of discovery ourselves.

An NYRB Classics Original Stefan Zweig was particularly drawn to the novella, and *Confusion*, a rigorous and yet transporting dramatization of the conflict between the heart and the mind, is among his supreme achievements in the

form. A young man who is rapidly going to the dogs in Berlin is packed off by his father to a university in a sleepy provincial town. There a brilliant lecture awakens in him a wild passion for learning—as well as a peculiarly intense fascination with the graying professor who gave the talk. The student grows close to the professor, becoming a regular visitor to the apartment he shares with his much younger wife. He takes it upon himself to urge his teacher to finish the great work of scholarship that he has been laboring at for years and even offers to help him in any way he can. The professor welcomes the young man's attentions, at least on some days. On others, he rages without apparent reason or turns away from his disciple with cold scorn. The young man is baffled, wounded. He cannot understand. But the wife

## Get Free The Post Office Stefan Zweig

understands. She understands perfectly. And one way or another she will help him to understand too.

Chess Story, also known as The Royal Game, is the Austrian master Stefan Zweig ' s final achievement, completed in Brazilian exile and sent off to his American publisher only days before his suicide in 1942. It is the only story in which Zweig looks at Nazism, and he does so with characteristic emphasis on the psychological. Travelers by ship from New York to Buenos Aires find that on board with them is the world champion of chess, an arrogant and unfriendly man. They come together to try their skills against him and are soundly defeated. Then a mysterious passenger steps forward to advise them and their fortunes change. How he

## Get Free The Post Office Stefan Zweig

came to possess his extraordinary grasp of the game of chess and at what cost lie at the heart of Zweig ' s story. This new translation of Chess Story brings out the work ' s unusual mixture of high suspense and poignant reflection.

An original study of exile, told through the biography of Austrian writer Stefan Zweig By the 1930s, Stefan Zweig had become the most widely translated living author in the world. His novels, short stories, and biographies were so compelling that they became instant best sellers. Zweig was also an intellectual and a lover of all the arts, high and low. Yet after Hitler ' s rise to power, this celebrated writer who had dedicated so much energy to promoting international humanism plummeted, in a matter of a few years, into an

## Get Free The Post Office Stefan Zweig

increasingly isolated exile—from London to Bath to New York City, then Ossining, Rio, and finally Petrópolis—where, in 1942, in a cramped bungalow, he killed himself. *The Impossible Exile* tells the tragic story of Zweig's extraordinary rise and fall while it also depicts, with great acumen, the gulf between the world of ideas in Europe and in America, and the consuming struggle of those forced to forsake one for the other. It also reveals how Zweig embodied, through his work, thoughts, and behavior, the end of an era—the implosion of Europe as an ideal of Western civilization.

In this magnificent collection of Stefan Zweig's short stories the very best and worst of human nature are captured with

## Get Free The Post Office Stefan Zweig

sharp observation, understanding and vivid empathy. Ranging from love and death to faith restored and hope regained, these stories present a master at work, at the top of his form. Perfectly paced and brimming with passion, these twenty-two tales from a master storyteller of the Twentieth Century are translated by the award-winning Anthea Bell.

A deep study of the uneasy heart by one of the masters of the psychological novel, *Journey into the Past*, published here for the first time in America, is a novella that was found among Zweig's papers after his death. Investigating the strange ways in which love, in spite of everything—time, war, betrayal—can last, Zweig tells the story of Ludwig, an ambitious young man from a modest background who falls

## Get Free The Post Office Stefan Zweig

in love with the wife of his rich employer. His love is returned, and the couple vow to live together, but then Ludwig is dispatched on business to Mexico, and while he is there the First World War breaks out. With travel and even communication across the Atlantic shut down, Ludwig makes a new life in the New World. Years later, however, he returns to Germany to find his beloved a widow and their mutual attraction as strong as ever. But is it possible for love to survive precisely as the impossible?

The great Austrian writer Stefan Zweig was a master anatomist of the deceitful heart, and *Impatience of the Heart*, the only novel he published during his lifetime, uncovers the seed of selfishness within even the finest of feelings.

## Get Free The Post Office Stefan Zweig

Hofmiller, an Austro-Hungarian cavalry officer stationed at the edge of the empire, is invited to a party at the home of a rich local landowner, a world away from the dreary routine of the barracks. The surroundings are glamorous, wine flows freely, and the exhilarated young Hofmiller asks his host's lovely daughter for a dance, only to discover that sickness has left her painfully crippled. It is a minor blunder that will destroy his life, as pity and guilt gradually implicate him in a well-meaning but tragically wrongheaded plot to restore the unhappy invalid to health.

A casual introduction, a challenge to a simple game of chess, a lovers' reunion, a meaningless infidelity: from such small seeds Zweig brings forth five startlingly tense

## Get Free The Post Office Stefan Zweig

tales--meditations on the fragility of love, the limits of obsession, the combustibility of secrets and betrayal. To read anything by Zweig is to risk addiction; in this collection the power of his writing--which, with its unabashed intensity and narrative drive, made him one of the bestselling and most acclaimed authors in the world--is clear and irresistible. Each of these stories is a bolt of experience, unforgettable and unique. Five of Stefan Zweig's most powerful novellas, containing some of his most famous and best-loved work: • Burning Secret • A Chess Story • Fear • Confusion • Journey into the Past (Stand alone paperback editions of individual novellas from Pushkin and New York Review of Books will remain in print.)

## Get Free The Post Office Stefan Zweig

A virtual memoir in letters by the beloved creator of the Moomins Tove Jansson ' s works, even her famed Moomin books, fairly teem with letters of one kind or another, from messages bobbing in bottles to whole epistolary novels. Fortunately for her countless readers, her life was no different, unfolding as it did in the letters to family, friends, and lovers that make up this volume, a veritable autobiography over the course of six decades—and the only one Jansson ever wrote. And just as letters carry a weight of significance in Jansson ' s writing, those she wrote throughout her life reflect the gravity of her circumstances, the depth of her thoughts and feelings, and the critical moments of humor, sadness, and grace that mark an artist ' s days. These letters, penned with characteristic

## Get Free The Post Office Stefan Zweig

insight and wit, provide an almost seamless commentary on Jansson ' s life within Helsinki ' s bohemian circles and on her island home. Shifting between hope and despair, yearning and happiness, they describe her immersion in art studies and her ascension to fame with the Moomins. They speak frankly of friendship and love, loneliness and solidarity, and also of politics, art, literature, and society. They summon a particular place and time reflected through a mind finely attuned to her culture, her world, and her own nature—all clearly put into biographical and historical context by the volume ' s editors, both longtime friends of Tove Jansson—and, in the end, draw a complex, intimate self-portrait of one of the world ' s most beloved authors.
